

## Ergotron® 200 Series

### combination flat panel/keyboard arm

#### Highlights

- Extends keyboard out over 30"; entire system folds back to within 11" of wall for storage
- Compact monitor and keyboard arm design frees up space; keyboard folds up for storage
- Easily position your monitor and keyboard for maximum comfort and productivity
- Patented pivot system provides premium long-life monitor adjustment while maintaining touch-screen stability
- Handles most flat panel monitors up to 25 lbs (11.3 kg)
- Interfaces available for virtually any vertical surface
- Rugged construction ensures durability
- Integrated cable management system organizes and routes cables neatly
- VESA® Flat Display Mounting Interface (FDMI™) Standard compliant for easy monitor attachment
- 5-year warranty

Attach your flat panel monitor and keyboard to the 200 Combo Arm and free up space while adding greater range of movement. The entire system folds back out of the way when not in use, ideal for areas where space is critical. The 200 Combo attaches to virtually any vertical surface.

Wall Track (optional)

Patented pivot allows monitor to tilt +90°/-15° and rotate 360° for portrait-landscape viewing

Vertical Mount Base

Cables snap up into cable channels under the arm extensions—and snap out for quick access

CPU Holder (optional)

Mouse Holder, sold separately, holds mouse when keyboard is flipped up for storage

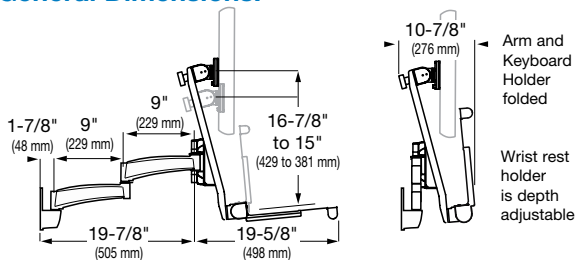

Handle allows user to easily swing monitor and keyboard into position for maximum comfort and productivity. Fold unit back and park against wall when not in use

Keyboard holder has a slide-out mouse tray for left- or right-handed use.

Command Post (optional)
