The merchandise is carefully packed and thoroughly inspected before shipment. The carrier upon acceptance of the shipment assumes responsibility for its safe delivery. Claims for loss or damage sustained in transit must therefore, be made upon the carrier as follows:

### Concealed Loss or Damage

Concealed loss or damage means loss or damage that does not become apparent until the merchandise has been unpacked. The contents may be damaged in transit due to rough handling even though the carton may not show external damage. When damage is discovered upon unpacking, make a written request for inspection by the carrier's agent within 7 days of the delivery date. Then file a claim with the carrier since such damage is the carrier's responsibility.

### Visible Damage or Shortage

Any external evidence of damage or shortage must be noted on the freight bill or express receipts and signed by the carrier's agent. Failure to adequately describe such external evidence of damage or shortage may result in the carrier refusing to honor a damage claim. The carrier will supply the form required to file such a claim. **All cartons and packaging must be kept with the merchandise at the delivered location. Failure to do so constitutes acceptance and a waiver of any such claim.**

## RETURNS

Nova will not accept the return of any merchandise without a Returned Material Authorization (RMA). Special order items may not be returned for credit. No returns will be allowed after sixty (60) days from the ship date. If merchandise is approved for return, a restocking fee will be applied. Upon receipt, all returned merchandise will be thoroughly inspected, and any discrepancies will result in an adjustment to the amount of credit issued.
