SPECIFICATIONS FOR COMMUNITY STRASBERG DESK COLLECTION

- Veneer:** All exterior surfaces are the finest select plain-sliced, book-matched oak veneer chosen for superior clarity and exact consistency. None of our veneer or hardwood come from the rain forests.
- Tops:** Tops are 3-ply balanced construction 1 ³/₁₆" thick and have a solid wood rim. Tops are high pressure laminate with a matching wood grain pattern.
- Chassis:** Pedestals are of post and panel construction with all joints securely fastened with screws and glue blocks. Solid hardwood parting rails assure a sturdy pedestal. Superior construction offers tight tolerance and long term durability. All units have solid hardwood legs and are equipped with heavy-duty three prong glides.
- Drawers:** All drawer fronts are standard with oak veneer faces. Fronts are 3-ply construction and ³/₄" thick. Drawer sides and backs are ⁷/₁₆", 5-ply birch. Drawers are assembled using standard dovetail construction with drawer fronts attached separately to assure maximum strength. Drawer bottoms are ¹/₈" thick oak grained medium density fiberboard.
- Drawer Suspensions:** All file drawers are equipped with a high quality, progressive, full extension slide utilizing roller bearing action for a smooth, quiet operation. Box drawers are equipped with ³/₄" extension roller bearing action slides. All suspensions carry a lifetime warranty.
- File System:** All file are standard with custom fitted filing systems designed to accommodate a variety of filing requirements.
- Locking:** All desks feature central locks to provide maximum security and flexibility. Units are shipped randomly keyed as standard. Keyed alike units available at no upcharge with removable cores for infield re-keying.
